

# CRIRSCO Annual Meeting

Jaipur - India

November/2016

# CBRR - Brazilian Commission for Resources & Reserves

- Brazil's National Representative Organization;
  - Registered Qualified Professional ("QP") is CBRR's QP/CP equivalent.
  - QP can be registered in the following areas of expertise:  
Mineral Exploration, Mineral Resource and Reserves Estimation, Mine Operations, Mineral Processing, Geotechnics.
- Accepted as CRIRSCO 9th official member on December 1st 2015.
- Broad representation of Brazilian mining industry;
  - IBRAM, ADIMB, ABPM – over 90% of Brazilian GDP and representation from small exploration to large multinationals.
- CBRR Guide as the official resources and reserves best practices and standards for public reporting.

# 2016 Main Activities

*What are we doing?*

- 1) Formal Constitution and registration with Brazilian authorities, bank accounts and bylaws registration.
- 2) Implementation of functional CBRR application and registration process for candidates and QPs.
- 3) Reciprocities approved with SME (USA) and Comisión Minera (Chile).
- 4) Revision and comments to SEC's effort to its guidelines revision and quest to align with SME.
- 5) CBRR Technical Guideline Courses (Simexmin 2016, Universities).
- 6) Support to Colombia, Indonesia and Mozambique to become CRIRSCO members and incorporate CRIRSCO family of codes.
- 7) "Mining Task Force": CBRR + São Paulo Stock Exchange (BOVESPA) + Brazilian National Development Bank (BNDES) + Brazilian Agency for Industrial Development (ABDI).

# CBRR's Awareness

## *Continuous "marketing"*

- Completion of functional website which include registration tool, reciprocities, news, registered professionals, ethics code, bylaws, and others – [www.cbrr.org.br](http://www.cbrr.org.br).
- Participation and presentations in mining sector events (SIMEXMIN and 24<sup>th</sup> World Mining Congress).
- Interviews and articles about CBRR in several specialized mining medias in Brazil (magazines, websites, etc.).

# Mining Task Force – Brazil

## *CBRR's Credibility*

- CBRR has been able to attract and establish partnerships with:
  - São Paulo Stock Exchange (BOVESPA) – Latam biggest financial market and top 10 in the world;
  - Brazilian National Development Bank (BNDES) – One of the worlds largest development banks with over ~US\$50 billion in yearly disbursements;
  - Brazilian Agency of Industrial Development (ABDI) – Ministry of Commerce & Industry arm for Industrial development support.
- With CBRR as central key role the “Mining Task Force” group has been officially established.

# Mining Task Force – Brazil

## *CBRR's Credibility*

- BOVESPA, BNDES & ABDI have all embraced CBRR, recognizing its potential as a catalyst for higher levels of technical and corporate standards within the Brazilian Mining Industry:
  - This in turn will leverage entire sector, presenting new opportunities for Brazilian companies and further immersion into global mining markets.
- Prioritization of companies to work together with Task Force in order to serve as “role models” and success cases for increase level of corporate governance, technical standards, public reports and professionalism.

# 2017 Goals

*Where we want to be*

- Registration of +75 QPs.
- Continuous reciprocity requests and approvals.
- Support to CRIRSCO family code worldwide and hands on assistance to selected countries (Colombia, Mozambique, Indonesia, other?).
- Continuous financial support of CRIRSCO.
- Development and maturity of Mining Task Force alongside with Stock Exchange, National Development Bank and Industry Development Agency.

# Thank You

*Thomas Brenner*
