- 17 Dec, 2007: **Law N°20.235** creates the **Comisión Calificadora de Competencias en Recursos y Reservas Mineras** (Comisión Minera)
- And introduced the concept of **Competent Person**.

To manage the **Public Register of PCs in Mineral Resources and Reserves**

To provide **In Force Certificates** to PCs

MISSION

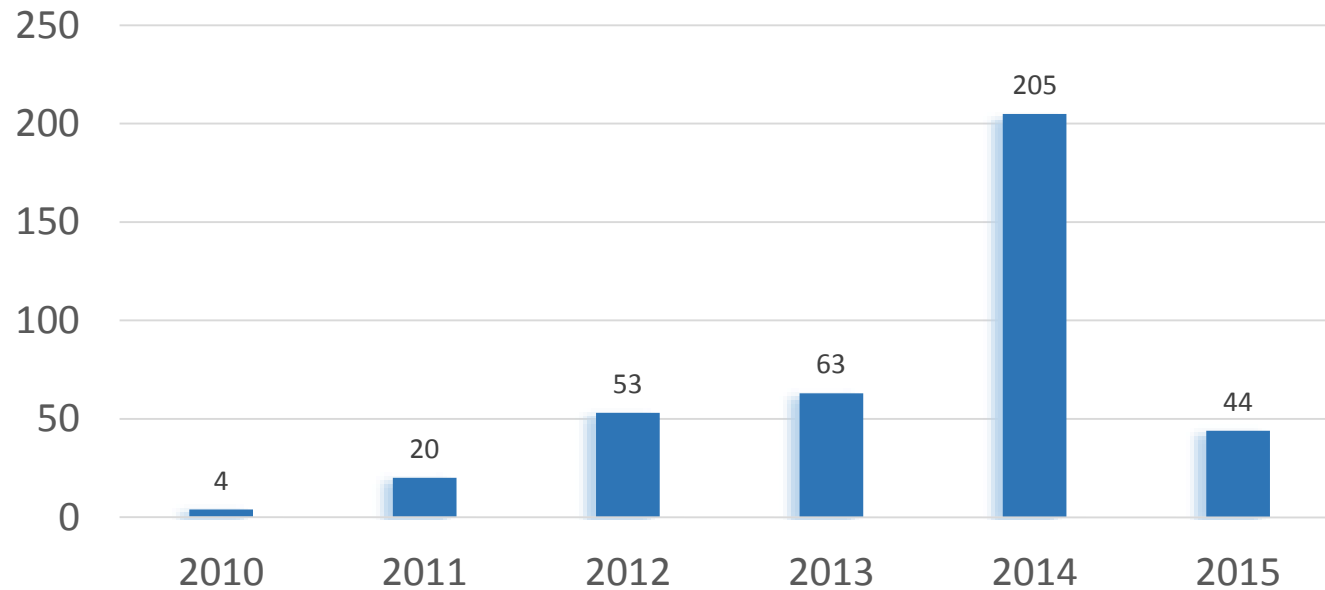

CREATE AND SUSTAIN THE TRUST OF INVESTORS

**COLABORATE TO INCREASE THE NUMBER OF
MINING COMPANIES LISTED IN THE STOCK
EXCHANGE**

**COLABORATE WITH GOVERNMENT
REGULATIONS TO BE ACOMPLISHED**

- The CH 20235 Code provides a **mandatory system to categorize tonnage / grade** calculations in accordance with geological, technical and economic considerations, under CRIRSCO standards.
- The use of the categories system is one of the key factors of the Code because it **allows the CP to communicate to stakeholders his trust on the information provided.**

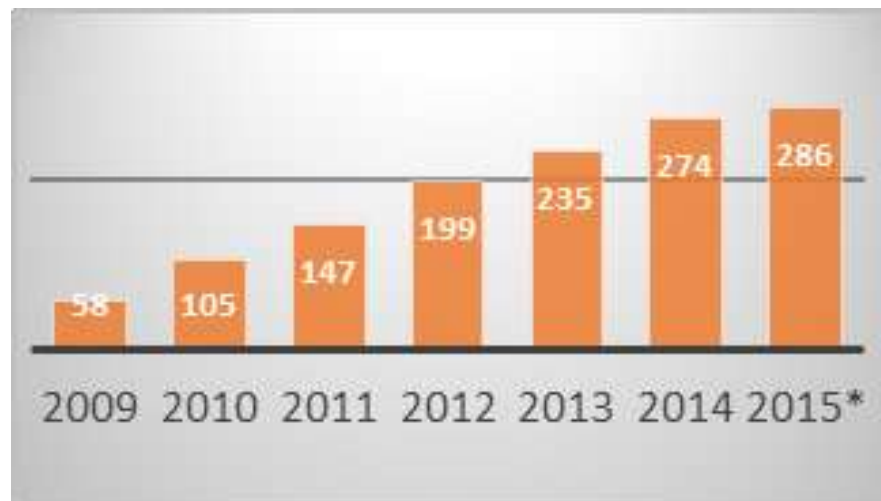

Number of Certificates requested

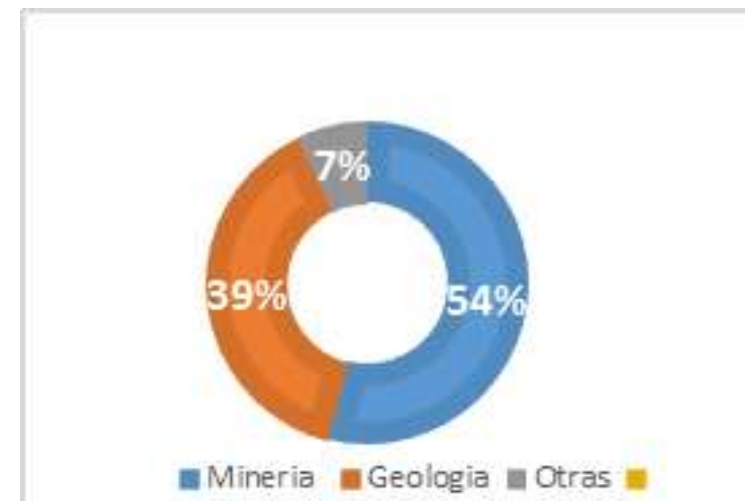

El incremento que se dio en el año 2014 fue producto de los **Informes de Vida Útil** presentados de las distintas Faenas Mineras.

12 new professionals registered during 2015. **286** CPs registered in 7 years
