

COMMITTEE FOR MINERAL RESERVES INTERNATIONAL REPORTING STANDARDS

MONGOLIAN GEOLOGISTS' 75TH ANNIVERSARY DINNER

CRIRSCO representatives were delighted to be invited to join the celebrations associated with the 75th anniversary of the Mongolian Geologists.

During the ceremony, Dr Harry Parker, a representative of SME on CRIRSCO, was given a prestigious award – The Best Geologist in Mongolia – by the Ministry of Mining. It is believed that it is the first time that the Award has been given to an American. Dr Parker has been active in Mongolia in his professional role, and has been very much involved in assisting Mongolia satisfy the requirements for Mongolia to be the eighth Member of CRIRSCO.

Later, the CRIRSCO representatives sang the Mongolian Geologists' song to an appreciative (and polite) audience.
